

**Treść listu w języku angielskim:**

*Your Majesty,*

*We are students at the University of the Third Age in Drzewica, Poland. We attend English classes. Our group consists of eight senior citizens aged fifty and more.*

*We belong to an association which works very well. We take part in different classes. On Fridays we go to the swimming pool. Once a month we go to the cinema or the theatre. We meet at dancing meetings on Thursday evenings. We attend English classes. We meet every Tuesday at six o'clock p.m. in the Regional Culture Centre.*

*Our teacher's name is Magdalena. She is proud of us because we are ambitious and hard-working students. We are always prepared for the lessons and active. We make progress and know a lot. Our classes are always interesting and creative.*

*We like studying English. We learn English grammar and vocabulary. We know that "practice makes perfect", so we do a lot of exercises. We improve our English skills: speaking, reading and listening comprehension and writing letters and postcards. We know that we do our best. We would like to go to London together.*

*Drzewica is a small town in the heart of Poland. It has a rich history. We like this place because we live here and it is a quiet area. There is an old castle and a church in Drzewica. There's also a park with a fountain.*

*Our town is famous for the Gerlach factory and two Olympic canoeists: Krzysztof Kołomański and Michał Staniszewski. They received silver medals in Sydney in 2000. We are proud of them.*

*Madam, we have to be Your Majesty's humble and obedient servants.*

*Yours sincerely,*

*Senior participants of the English classes.*
